

Global Market Outlook of Dental Research

Adel Abdel Azeem El Bardissy

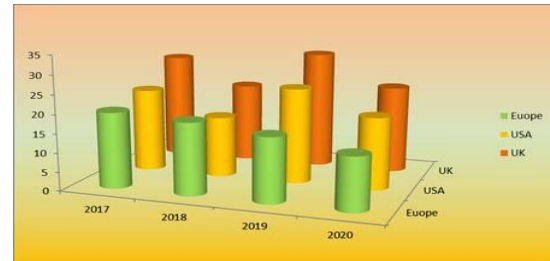

Associate. Prof, Cairo University, Egypt, Email ID: adelbardissy@hotmail.com

Dental Research 2020 conference will mainly focus on the theme: *“New Era of Expansion & Development in Dental Research”*

Dental Research 2020 developments are maintaining their momentum. Dental research 2020 Conference program delves into strategic discussions regarding: Dentistry, Dental Anatomy, Dental Implantology, Dental Instruments, Dental Nursing, Dental Robotics, Dental Products and Marketing, Dental Therapeutics and Pharmacology, 3D Virtual Planning Dentistry, CAD/CAM Dentistry, Laser Therapy in Dentistry, Future Trends in Dentistry, Cosmetic Dentistry, Forensic Dentistry, Geriatric Dentistry, Holistic Dentistry, Micro Dentistry, Nano Dentistry and many more...

Market Outlook for Dental Research 2020: Dental Research 2020 understand you the market size and growth potential; major companies; draft business plans and pitch books; and conduct benchmarking and SWOT analysis. Dentists implement a range of services that typically fall under general or specialty dentistry. About 84.0% of dentists in the industry, general dentists provide services, such as preventive care, diagnosis and treatment planning, and procedures, such as fillings, dentures and extractions. Specialty dentistry, which includes Endodontics, oral surgery, orthodontics, periodontics, prosthodontics and pediatric dentistry, makes up an estimated 16.0% of practicing dentists.

Global Dentistry market observed during the last decade and is expected to register CAGR of 4.9% between 2016 and 2021, to reach USD 7.52 Billion by 2021. Growth in this dental market can predominantly be qualified to factors such as the rapid growth in aging population, increasing demand for cosmetic dentistry, and growing incidence of dental caries and other periodontal diseases.

The European [dental equipment's market](#) is forecast to grow significantly in the next five years. Demand for cosmetic dentistry and advanced treatment options are the drivers of this development. Because of public awareness of dental health, the growth is also stimulated by an increase of the aging population. For instance, non-metallic inlays have increased by 380% over the last 10 years in the continent.

In this rapidly growing market, your business is certain to benefit from expansion and recruitment in Europe. As the industry grows, our services can assist you in the early stages of European expansion through business incorporation. If your business is already established in the continent; our industry knowledge can support you with admin and legal tasks.

Hence, [Dental & Oral Health](#) plays important role but still the accuracy and precision of the study needs to be improved to achieve minimum rejections in the preclinical studies.

In this fame, we look forward for your contribution and astonishing dedication. We believe your membership in **Euro Dental Research 2020** during **October 26-27, 2020** at **Amsterdam, Netherlands** will enhance the success of the conference.
